

WANT VIADUCT OVER TRACKS

Resolution Affecting First South Will Be Introduced Monday Evening.

SOME REMEDY DEMANDED TO RELIEVE PRESENT DEPLORABLE CONDITION.

A resolution will be introduced in the council Monday evening, presumably by Councilman Hobday, requiring the Oregon Short Line to build a viaduct over the track on First South street between Third and Fourth West streets for the convenience of teams and pedestrians.

Considerable trouble has been caused by the condition of this crossing and several complaints from business men with property on First South street have been received by the council. The track grade is in some places as high as four feet above the street grade and the great number of tracks and different grades which each of them occupy make the crossing practically impassable. It was thought for a time that the council authorized the present track grade. The only solution of the problem now is to have the company build a viaduct. It is argued that this would be much better than reducing the track grade, as it would eliminate a dangerous crossing altogether and would be a protection to the public against accidents as well as to the railroad company against the numberless damage suits arising from these accidents.

ENGINEER WANTS SLEUTH

Says City Should Have Detective to Investigate All Claims for Damages.

The city should have a special detective to investigate all claims for damages, according to L. C. Kelsey, city engineer. Mr. Kelsey says that he will suggest this matter to the council and hopes for favorable consideration. "Many damage claims have been recovered against the city," said Mr. Kelsey, "because no evidence has been obtained by the city until after the complaint is filed. Then often it is too late to arrive at the true facts and the plaintiff with a perfectly prepared case can recover. My suggestion would be that whenever any accident happens on any of the streets or sidewalks of the city where the city might possibly be held liable, this special detective be dispatched to the scene to gather data and evidence. He should also photograph the scene of the accident, so that a perfect record of conditions could be obtained when the case is tried the city will be in a position to assert its rights, having sufficient evidence at hand."

OLD SETTLER DIES.

William G. Odell, Well Known Pioneer, Passes Away.

After a residence in Salt Lake of fifty-five years, William G. Odell died at the home of his son, Harry Odell, at 115 East Eleventh South street, early yesterday morning. Mr. Odell was 78 years old. His death was due to general debility. Mr. Odell was a native of Bedford, England, and came to Utah in 1852, and has made his residence in Salt Lake ever since. The funeral will be held Sunday afternoon at 2 o'clock, from the tenth ward meeting house.

LICENSES SOON DUE.

State Game Commissioner Warns Sportsmen Concerning New Law.

H. B. Cronar, state game and fish commissioner, yesterday issued a warning to the sportsmen of this state that before the season opens, June 15, they must secure a license to enjoy their favorite sport. These licenses may be secured from any justice of the peace, game warden or from Mr. Cronar himself. The fee is \$1. For non-residents the fee is \$10.

KEEPING BAD TREES.

Novel Offense Charged by Horticultural Inspector.

J. P. Sorenson, county horticultural inspector, yesterday swore out a warrant for the arrest of George Naylor, Ninth East and Tenth South streets, charging the latter with maintaining a nuisance under the horticultural law. The inspector says that Naylor is allowing trees suffering from pear blight to remain about his place.

Wall Paper.

You want attractive designs with great diversity in style of drawing and tone of color, and you want a large variety to select from. All this is to be found at Ebert's, 57 Main street.

CLUB FOR COLORED PEOPLE.

The Dewey club, an organization for colored people, articles of incorporation with the county clerk yesterday. It is expected to have club rooms at First West and South Temple streets. The officers are: Sam Toward, president; George Seers, secretary and treasurer; J. M. Carson, manager.

American Smelting & Refining Company Plans to Ship on Account of Strike.

REPORTED WORKS CLOSED SAID INDEFINITE SUSPENSION HAS BEEN ORDERED.

Word late last night from Murray was that orders had been issued for the closing indefinitely of the works of the American Smelting & Refining company at that place. C. W. Whitley, the general manager of the company, could not be reached in time to answer the inquiry. At Murray, said that the only place an answer could be given was at the smelter. "Have orders been issued to close the smelters indefinitely?" was at headquarters. "By headquarters you mean Mr. Whitley?" "Yes."

"You do not know, then, whether such orders have been issued or not?" "The question can only be answered from headquarters."

Company Offers Increase.

Yesterday forenoon the company posted notices about the works offering an increase in wages ranging from 10 cents a day to 25 cents a day. Some of these notices were torn down, but most of them remain. Apparently the advance was not acceptable to all of the men who are out, as none of them reported for work. It is the testimony of the company's officials that the employees, with the exception of the Austrian and southern European aliens are ready and willing to return to work. The company yesterday afternoon issued a formal statement, the signature of General Manager Whitley, in which it is set forth that the American employees as well as the European states citizens from the southern states are willing to accept the terms offered and are ready to respond to the whistle call, but that they are being intimidated by the Austrian and Greek, who are in the majority and "rule the roost." It is alleged that these have been armed with pistols and knives and that they are so carefully placed in the hands of the "whites," so called, in every smelter town to distinguish them from the southern Europeans, Greeks, and the like, fear for their lives and property; consequently they are not hasty in reporting for duty.

Who Furnished Firearms.

The allegation is made by the company that dealers in firearms and other weapons in Salt Lake and Murray have sold them without restriction. How true that is cannot be stated, but it remains a fact that the officers deplore the fact that the means of attack have been so carefully placed in the hands of the men who are regarded as not altogether safe in times of strife.

The officers declare that they are perfectly able to maintain peace and order. Yesterday was a time of quiet in Murray and about the company's system. There were no offers of violence. The strikers are not boisterous and confine their demonstrations, if demonstrations may be called, to gathering about the little group of weapons. Few are seen in an intoxicated condition.

The Company's Statement.

C. W. Whitley, general manager of the American Smelting & Refining company, yesterday afternoon issued the following statement: "The company revised its wage scale, which amounted to practically a 10 per cent increase throughout the plant with the exception of the mechanical department, which has yet made no formal request for revision, with arrangements for starting the plant at 12 o'clock today. At 12 o'clock, none of the American laborers reported for duty. The American laborers are being intimidated and kept away by the Greeks, who are able to control the situation and who refuse to return to work under the wage scale proposed by the company."

"We have received no intimation of dissatisfaction from any American or foreign employees, and we assume that the old wage scale was, and certainly that the revised one is, satisfactory to them, and that they are ready to return to work."

American Labor Satisfied.

"Our American labor is ready to return to work and the plant could be operated at a part of its capacity or at least started with this class of labor alone; but they are being intimidated by the Greeks and Austrians, threats being made to kill them if they even attempt to return to work, a threat which is being carried out by the activity of Salt Lake and Murray merchants and dealers in firearms who since and before this strike have been selling fire arms ammunition and knives to these foreigners for use in intimidating American workmen."

Mayor Brown of Murray and Marshal Manges have sided the situation in every way possible, the former in attempting to bring about a settlement of the matter, the latter in an attempt to preserve order, which has also been received the assistance of the sheriff's office in Salt Lake, but the number of Greeks and Austrians is so large and the available source of deputies so small that, doubtful of our ability to properly protect the men, we are compelled to close down our plant at least temporarily.

May Divert to Colorado.

"As soon as it becomes apparent that ample protection cannot be furnished to our American workmen, we will immediately resume operations with such available force."

"Arrangements have been made to divert our ores to Colorado points for reduction and for the suspension of our orders for fuel, fluxes, etc., so that in case we are compelled to close down for an indefinite period we may stop the receipt of material at the plant."

BINGHAM JUNCTION SITUATION.

Strike Possible in United States Plant on Sunday Afternoon.

(Special to The Herald.)

Bingham Junction, May 10.—The wild rumor that 1,100 men in the employ of the United States Smelting company are to strike and tie up the smelter at 7 o'clock Saturday morning seems to be a little premature. While the scale

LOCAL BRIEFS

BOARD MEETS TODAY.—The board of public works will meet this afternoon to consider the matter of a number of contracts.

POTTER IS DISCHARGED.—W. D. Potter, charged with non-support in police court Friday, was found not guilty and discharged.

EVAPORATION IN LAKE.—L. C. Kelsey, city engineer, has prepared a table, showing that the average annual evaporation in Utah lake is between four and five feet.

NELSON GOES TO PROVO.—A. C. Nelson, superintendent of public instruction, went to Provo last evening to attend the High school commencement exercises in that city.

TEACHERS TO MEET.—The county principals will meet in the office of Superintendent Smith at the city and county building this afternoon, to discuss commencement matters.

MOTHER DIES IN VIRGINIA.—The mother of J. A. Creighton of the city died yesterday at her home in Virginia. Creighton will be unable to attend the funeral.

VIOLIN AND PIANO RECITAL.—W. C. Clive has issued invitations for a violin and piano recital to be given by some of his pupils in Barratt hall on Friday, May 17. The recital will include seven or eight numbers.

EDWIN ISAAC DECKER DEAD.—Edwin Isaac Decker, the son of Isaac and Hannah Decker, died yesterday. The funeral services will be held Sunday afternoon at 2 o'clock in the Granger meeting house, Granger.

COLONEL FRENCH WILL SPEAK.—There will be a special meeting at the local Salvation Army barracks on May 11 at 8 p. m. Colonel G. French, who has charge of the army work in the west, will here only one night. He is one of the army's most prominent men.

WILL ENGAGE IN MINING.—The L. R. Spencer company, of Ogden, has filed articles of incorporation with the secretary of state. The concern will engage in mining and engineering business. The capital stock is \$5,000, with shares at \$10 each. The officers are: L. R. Spencer, president; B. Spencer, vice president; R. S. Corlew, secretary and treasurer.

HELD TO HIGHER COURT.—Walter Van Loan and his wife, charged with stealing furniture and other articles from the old Walker residence on South Main street, pleaded guilty to the charge in police court Friday morning, and were held to the district court. Their bond is \$400, in default of which they were remanded to the county jail.

BOARDER BREAKS IN.—A rumor reached police headquarters yesterday afternoon that two men were burglarizing the residence at 328 East Second South street. Upon investigation it was learned that Ralph Pingree and E. H. Wade effected an entrance through a basement window, and stole a number of boards at that address, had mislaid his key.

TEMPERANCE UNION MEETING.—The Woman's Christian Temperance union will hold its regular monthly meeting at the home of Mrs. P. A. Simpkins, No. 479 South Seventh East street, this afternoon at 3 o'clock. It will be a "letter day" and will be under the leadership of Mrs. C. A. Walker, who has prepared an interesting program. Mrs. George Smith will sing.

CHARGED WITH THEFT.—Annie Nyes, a domestic, formerly employed at the Metropolitan hotel, who was arrested Wednesday night, charged with stealing a number of dress patterns and various pieces of cloth from Mrs. Mary E. Maddison, was tried before Judge Diehl in police court Friday afternoon. The case was concluded at 4:30 o'clock and the court will render a decision at 9:30 o'clock this morning.

EAT WELL.

Try the Wilson Restaurant and see the new dining room. BEST OF EVERYTHING. Midday lunch, 35c. Evening dinner, 75c. A la carte all the time. Our orchestra of six pieces for lunch. Dinner after the theatre. OPEN FROM 7 TO 1 A. M.

of wages at this smelter is higher than the scale at Murray, yet a notice was posted this morning, to take effect May 10th, raising the wages of 300 or 400 men in the lead plant from 15 to 25 cents per day, according to the kind of work done. The notice reads as follows:

"All other wages to remain the same." The men in the copper plant say that if their wages are to remain as they are, there will be a strike as far as they are concerned.

At a general meeting of the employees of the company held here late tonight to decide whether or not they would accept the new scale of wages posted early this morning, it was decided that the raise was not sufficient in that only one-half of the amount asked for was given.

Accordingly a committee, consisting of a representative each of the machinists, boiler-makers, furnace men, feed floor, converters, clay mill, power house, lead plant, yard men and trestle men, was appointed to wait upon the officials and see if the scale asked for would not be granted. In case they do not accede to the demands, a general strike will be called, to take effect Sunday at 3 o'clock.

The employees of the Bingham Smelting company have so far taken no part in the question of striking for higher wages, as it was quite generally understood that that company is on the verge of moving to another site and a strike at this time would only result in closing it down permanently.

New Shoe Shining Parlors, 277 Main street. Please give us a call.

BRONCHIAL TROUBLES.

Readily Yield to Soothing, Healing Treatment of Hyomei.

Bronchial troubles are purely local. They cannot be helped by stomach dosing. They are caused by irritation in the air passages and can be relieved and cured by medicated air alone. This lies the secret of the great success of Hy-o-mei in the treatment of bronchial troubles.

The Hy-o-mei medication, laden with nature's remedies, is breathed through the nasal pocket, inhaler that comes with every outfit, reaching every part of the bronchial tubes and killing at once the disease germs. It allays all irritation and heals the inflammation of the mucous membrane with astonishing rapidity.

Treatment with sprays, douches and atomizers in bronchial troubles is condemned by the best physicians, as they cause further irritation.

The first breath of Hy-o-mei's medication seems to soothe the inflamed throat, loosen the cough, and thus relief soon becomes permanent and a cure results.

Hy-o-mei has made many remarkable cures in the worst and most chronic forms of bronchial troubles, and sold by F. G. Schramm with the same guarantee as he gives when Hy-o-mei is purchased for catarrh, that is, to refund the money in case the remedy does not give satisfaction. The complete outfit costs but \$1.00.

For sale by F. G. Schramm, corner First South and Main streets. "Where the cars stop."

How Much Does the Baby Weigh?

Don't know? Then telephone right now for the baby scales. We send them to your home on request, and no charge for the service. The scales are yours to command.

Where the Cars stop.

DEALER IS CLOSED ON THIRD WEST

Western Investment & Trust Company Pays \$27,000 for Corner Property.

OPPOSITE PROPOSED DEPOT HAS STOPPED SHIPMENTS

MEANWHILE IT IS TIME TO PROCEED WITH PAVING.

One of the most important deals of the past few weeks in Salt Lake realty transfers was consummated yesterday when the local representative of the Western Investment & Trust company of New York paid \$27,000 for the property on Third West street between South Temple and First South streets, opposite the proposed new Harriman depot on the west side of Third West street.

The property was purchased for investment, and the sellers are thence a short distance away. One man was thrown from the back platform, but was not seriously hurt. The car was running at a rapid rate of speed when it struck the switch. Motorman H. Muth did not turn the switch with the steel rod used for that purpose, and the car was not set, as usual, for the main track. Just before car 57 came along a car from the barns had entered the main track, leaving the switch turned for the barn track.

Passengers on car 37 of the East First South street line received a jolting at 11:30 o'clock last night, when the car ran through a switch at Second East street and toward toward a short distance away. One man was thrown from the back platform, but was not seriously hurt. The car was running at a rapid rate of speed when it struck the switch. Motorman H. Muth did not turn the switch with the steel rod used for that purpose, and the car was not set, as usual, for the main track. Just before car 57 came along a car from the barns had entered the main track, leaving the switch turned for the barn track.

While the Percival contract was being held up, Mr. Percival was compelled to cancel all orders for eight-inch pipe, as he was not sure of being awarded the contract. Afterward he ordered enough eight-inch pipe for all the work on First and Second streets and it was ready to be shipped when he was notified that no work would be done on these streets. Again he canceled the order, and now the council has decided that it wants some eight-inch pipe.

Percival says that it will now take at least sixty days to get the material here, but if the city does not wait that long it will cost, not \$3,000, but \$15,000, to lay these intersections.

Means Added Expense. As a result, the "reform" administration must either go ahead with the paving and tear up afterward to lay the pipe at an additional expense of \$7,000, or wait sixty days for the pipe to arrive.

COBB IS FREED BY JURY

Killing of Jack Warde Found to Have Been Done in Self-Defense.

Fremont Cobb, formerly of Salt Lake, who was arrested for killing Jack Warde at Gold Butte, Nev., is now a free man. The grand jury which met at Pioche, Nev., last Wednesday, found that Cobb had acted in self defense and discharged him from custody.

The fatal shooting affair grew out of a quarrel over some mining claims. The testimony showed that Warde had told several persons that he was either going to get his claims away from Cobb or have a little shooting over it. He was in the camp of Fremont Cobb and, drawing his gun, ordered Cobb to come outside and "shoot it out." Cobb drew his gun and shot Warde dead. Following the shooting he was taken before Justice McDermott at Overton and bound over to await the action of the grand jury.

EPWORTH LEAGUE SERVICE.

Eighteenth Anniversary Will Be Observed Sunday Evening.

The eighteenth anniversary of the Epworth league will be commemorated in the First Methodist Episcopal church of this city with special league service Sunday evening at 7 o'clock. Miss H. E. Laney, junior superintendent, will be in charge of the exercises. These juniors will receive diplomas and will be transferred to the senior league. Miss Jessie Young, Beryl Boyton, Edith Gleason, Miss Hamsher, state superintendent of junior league work in Illinois, will address the league on the relations of the junior league to the senior league. At the close, these officers-elect for the ensuing year will be installed by Rev. Benjamin Young; H. C. Scott, president; Miss Florence Smith, first vice president; Miss Bernice Day, second vice president; Miss Lucy Dury, third vice president; E. R. Fisk, fourth vice president; Miss Marion Thompson, secretary; C. O. Brown, treasurer; Miss Eleanor Elliott, chorister; Miss Verne Patterson, pianist.

A new train to Ogden at 9 a. m. daily, via Oregon Short Line.

CALIFORNIA EXCURSIONS.

April 26 to May 19 inclusive. Via Oregon Short Line and Southern Pacific. Following rates from Salt Lake:

To San Francisco and return via Ogden and S. P. both ways, \$31.50. To San Francisco and return via Portland one way, \$44.00. To Los Angeles and return via Ogden and S. P. both ways, \$40.50. To Los Angeles and return via Portland one way, \$53.40. Tickets limited to July 31. Proportionately low rates from other stations. City Ticket Office 201 Main Street.

IT IS AN ATTRIBUTE OF GOOD JUDGMENT AND THE ASSURANCE OF APPRECIATION TO PRESENT A BOX OF

Sweet's Milk Chocolates (THE BRIGHT RED BOX.)

A mark of good taste which the lady will not be slow to recognize. When ladies buy for themselves, this popular kind is invariably the choice—a point for men to remember. All first-class candy dealers are selling them and selling them fast.

Put up in pounds and half pounds.

THE SWEET CANDY CO., Manufacturing Confectioners.

MAY COST CITY MANY THOUSANDS

Delay in Granting Percival Water Mains Contracts Promises to Prove Costly.

HAS STOPPED SHIPMENTS

MEANWHILE IT IS TIME TO PROCEED WITH PAVING.

Because of the delay of the council in granting to J. W. Percival, the lowest bidder, the water main contract for 1907, the paving on First and Second streets just commenced by P. J. Moran, will either have to be held up sixty days and may not be completed this summer, or the city will lose \$7,000.

At the last meeting of the council the board of public works was instructed to have laid the water mains at the intersections in the paved district before the paving is put in, so as to obviate the necessity of tearing up the pavement afterward. The work was to cost \$3,000.

Small Water Mains. The water mains on these streets are only three-inch pipes, and are said to be entirely inadequate to supply the rapidly increasing population in this district. The new pipes are to be eight-inch. It was explained at the last council meeting that as soon as the city has money enough it will lay eight-inch pipe all along the streets as these pipes run inside the gutter and can be put in after the paving is laid, which is not the case so far as intersections are concerned.

Wants Larger Pipe. While the Percival contract was being held up, Mr. Percival was compelled to cancel all orders for eight-inch pipe, as he was not sure of being awarded the contract. Afterward he ordered enough eight-inch pipe for all the work on First and Second streets and it was ready to be shipped when he was notified that no work would be done on these streets. Again he canceled the order, and now the council has decided that it wants some eight-inch pipe.

Percival says that it will now take at least sixty days to get the material here, but if the city does not wait that long it will cost, not \$3,000, but \$15,000, to lay these intersections.

Means Added Expense. As a result, the "reform" administration must either go ahead with the paving and tear up afterward to lay the pipe at an additional expense of \$7,000, or wait sixty days for the pipe to arrive.

READINGS PLEASE SCORES

Professor, George Riddle, of Cambridge Entertains Lovers of Dramatic Reading.

Professor George Riddle was heard for the first time last evening by a Salt Lake audience in a series of dramatic readings calculated to show his ability as an interpreter and as well to display his wonderfully magnetic voice. He took for the first and most important reading the drama of "Lucretia Borgia." He read its four acts with rare power, interpretation and with a dramatic ability seldom found in a reader. The fiendish cruelty of the Borgias, and the pitiful love of the wicked mother of the young hero, were brought out with fine force.

The evening closed with two lighter readings, "The Village Seamstress," from Kate Douglas Wiggin's pen, and "The Catracts of Lodore." The exquisite humor of the first of these two was well exemplified by the reading, and the wonderful melody of words in the last number shown to perfection.

Professor Riddle was liberally applauded by the splendid audience which greeted him last evening. He will be heard twice next week under the auspices of the City Teachers' association. The time and subjects will be announced later.

We Hate

To think that anybody in Salt Lake City is paying rent while we have so many beautiful homes to sell on easy payments which are just like rent. Dig up the first payment, which in many cases is so light you won't notice it, and the rest is "simply pie." Then you own the place, instead of having your money disappear without anything to show for it.

HOMES.

\$1,850—How would you like a nice, cosy, 4-room home, very neat and attractive, southeast? Payments.

\$2,200—Here's a 6-room frame, east, which we can deliver as low as \$200 down to the right person.

\$2,400—An attractive 4-room brick on north bench. Terms, if you insist.

\$2,500—Attractive little home on Third street; 6-room frame, modern. Terms.

\$2,800—Fine pressed brick, 7-room home, on East Third South. \$600 down; balance easy.

\$3,000—Attractive 7-room modern house on Second street.

\$3,000 to \$3,500—Beautiful new, modern, pressed brick cottages, fine location, east side; one-fourth down, balance so easy father won't miss the money.

\$6,500—If you want something more expensive, we have a handsome 9-room white pressed brick, hot water heat and all modern conveniences, including barn or garage, for this price.

\$7,500—Does a highly desirable 9-room modern home (steam heat, etc.) with a 2½x9 rod lot, strike you? On Sixth East, the new paved boulevard.

\$20,000—Splendid mansion on east side; well built as Senator Kearns' home. See it to appreciate it.

SAID HE WAS ROBBED.

R. A. Parsons Complained to Police of Loss of Money.

R. A. Parsons, who lives at 1057 West 10th South street, complained to the police last night, that he had been robbed of \$65. He was brought to police headquarters and upon examination it was found that he had \$24.15 in cash and receipts for \$39.10 paid out during the day. He left home Friday morning with \$71.30 and had not been heard from until he was brought to police headquarters at 10:30 o'clock last night. The police discredit his statement of being robbed on the grounds that the man had just been paid off and had been drinking.

A private safe may be rented in the fire and burglar-proof vaults of the Salt Lake Security
